

SuperSleeper Material Safety Data Sheet (MSDS)

1. Product and Company Identification

Product Name	SuperSleeper
Product Type	SuperSleeper Product
Manufacturer	SuperSleeper Pty Ltd
ABN	16 650 699 675
Address	Unit 1, 1-5 Allan st, Loganholme QLD 4129
Telephone	1300 5SUPER (1300578737)

2. Hazard(s) Identification

Classification	Non-hazardous according to WHS Regulations (2011) and GHS.
GHS Signal Word	Not applicable.
Hazard Statement	Combustible dust concentrations may form in the air if small particles are generated during processing.
Precautionary Statements	Avoid generating or inhaling dust. Use appropriate protective equipment.

3. Composition/Information on Ingredients

SuperSleeper products are composed of a cured mixture of resin, inorganic fillers, pigments, processing additives, and fibreglass reinforcement. Under normal use, these materials do not release hazardous chemicals.

4. First Aid Measures

Inhalation	Move to fresh air if excessive dust inhaled. Seek medical advice if symptoms persist.
Skin Contact	Wash affected area with soap and water.
Eye Contact	Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do.
Ingestion	Unlikely under normal use. Seek medical advice if discomfort occurs.
Emergency Contact	Poisons Information Centre (131 126).

5. Fire Fighting Measures

Suitable Extinguishing Media	Water fog, dry chemical, carbon dioxide, or foam.
Specific Hazards	Prevent ignition sources in areas with dust accumulation.
Protective Equipment for Firefighters	Use self-contained breathing apparatus and full protective clothing.

6. Accidental Release Measures

Personal Precautions	Avoid dust generation. Use appropriate PPE (e.g., dust masks, gloves, goggles).
Environmental Precautions	Prevent entry into waterways and drains.
Clean-Up Methods	Use wet methods or HEPA-filtered vacuuming to minimize dust. Avoid dry sweeping.

7. Handling and Storage

Safe Handling	Avoid contact with eyes, skin, and clothing. Prevent dust accumulation.
Storage	Store in a cool, dry, and well-ventilated area away from ignition sources.
Australian Standards Reference	Refer to AS/NZS 1716 and NFPA 654 for guidance.

8. Exposure Controls/Personal Protection

Exposure Limits	<ul style="list-style-type: none"> - Total dust: TWA 10 mg/m³ (Safe Work Australia). - Respirable dust: TWA 4 mg/m³.
Engineering Controls	Ensure adequate ventilation. Use local exhaust systems if processing generates dust.
Personal Protective Equipment (PPE)	<ul style="list-style-type: none"> - Respiratory Protection: Use HEPA-filtered respirators compliant with AS/NZS 1716. - Eye/Face Protection: Safety goggles. - Skin Protection: Protective gloves and clothing.

9. Physical and Chemical Properties

Physical State	Solid
Colour	Various
Odour	Mild
Solubility in Water	Insoluble
Stability	Stable under normal conditions

10. Stability and Reactivity

Conditions to Avoid	Flames, sparks, and other ignition sources with combustible dust.
Hazardous Decomposition Products	Carbon monoxide, carbon dioxide, and toxic fumes when burned.

11. Toxicological Information

- No known acute or chronic health effects under normal use.

12. Ecological Information

- No significant environmental effects expected under normal use and disposal.

13. Disposal Considerations

- Dispose of according to local regulations. Consult your local council or environmental protection authority for waste disposal guidelines.

14. Transport Information

- Australian Dangerous Goods (ADG) Code Classification: Not classified as dangerous goods.

15. Regulatory Information

- Compliant with WHS Regulations (2011) and GHS as adopted in Australia.
- National Standards:
 - AS/NZS 1716 for respiratory protection.
 - AS 1940 for combustible materials.

16. Other Information

- Prepared By: SuperSleeper Pty Ltd
- Preparation Date: February 5, 2025
- Revision Date: February 5, 2027
- Disclaimer: The information provided is accurate to the best of our knowledge as of the preparation date. SuperSleeper Pty Ltd assumes no liability for improper use or application of this product.
